

Old Hutton CE Primary School

Consent Form for Use of Pupils' Photographs

At Old Hutton, we aim to celebrate our pupils' achievements, give them a wide audience and be able to publicise accurate and attractive information about the good work going on through our school. Our school displays, website, Facebook page and articles in local magazines and newspapers are all different means of doing this. We know that making progress deserves praise and hope that our positive approach supports the children's learning and our school development.

In doing this, we will of course respect and uphold the considered decisions of parents and carers, and would therefore ask you to clarify the situation regarding the use of images of your children in terms of the following:

- Are you happy to allow your child's image to appear on the school website without using their name in a caption?

YES NO

- May your child be part of a general group or class photograph on the school website? For example, showing a sports team, science lesson or drama activity?
